RULES AND OTHER GOVERNING PROVISIONS

GENERAL RULES AND REGULATIONS

ITEM	SUBJECT	APPLICATION
5	Description of Governing Classification	The term "Official Classification" when used herein means Official Classification 65, issued by W. S. Flint, Agent, I. C. C.—O. C. 65, C. T. C.—O. C. 65.
20	Reference To Tariffs, Items, Notes, Rules, Etc.	<p>(a) Where reference is made in this tariff to tariffs, items, notes, rules, etc., such references are continuous and include supplements to and successive issues of such tariffs and reissues of such items, notes, rules, etc.</p> <p>(b) Where reference is made in this tariff to another tariff by I. C. C. number, such reference applies also to such tariff to the extent it may be applicable on intrastate traffic or traffic to, from or through Canada.</p>
75	Method of Canceling Items	As this tariff is supplemented, numbered items with letter suffixes cancel correspondingly numbered items in the original tariff or in a prior supplement. Letter suffixes will be used in alphabetical sequence starting with A. Example: Item 445-A cancels Item 445, and Item 365-B cancels Item 365-A, in a prior supplement, which, in turn, cancelled Item 365.
100	Method of Denoting Reissued Matter in Supplements	Matter brought forward without change from one supplement to another will be designated as "Reissued" by a reference mark in the form of a square enclosing a number, the number being that of the supplement in which the reissued matter first appeared in its currently effective form. To determine its original effective date consult the supplement in which the reissued matter first became effective.

SPECIAL RULES AND REGULATIONS

UNLIMITED

ITEM	SUBJECT	APPLICATION
265	Application	<p>When property is offered for forwarding to a point at which more than one delivery can be made, and through rates and divisions are in effect, agents will request shippers to endorse on shipping order the delivery desired. Should shippers omit or decline to specify the route and name of carrier on whose tracks delivery is desired, the property must be forwarded via the route most favorable to The Baltimore and Ohio Railroad Company; provided unrouted shipments should always be forwarded via the route (all rail unless otherwise specified by shippers) over which the lowest rate prevails.</p> <p>Note—Routes composed of rail lines connected by car ferries over which freight is ferried in the car, constitute "Car Ferry Routes", and are understood to be included in the general term "All Rail".</p>
270	Export Property	<p>The terms "property for export", "export property" and "export traffic" apply to shipments when the entire service beyond Atlantic Seaboard ports to port of delivery is performed by water carriers to foreign countries, viz.:</p> <p style="padding-left: 40px;">All destinations not located in The Continental United States of America (including Alaska), Dominion of Canada, Islands of Miquelon and St. Pierre, Newfoundland,</p> <p>except that on pig iron, billets and articles of iron and steel manufacture, on which specific export rates are published in tariffs lawfully on file with the Interstate Commerce Commission on interstate traffic and with the various State Commissions on intrastate traffic, destined to Newfoundland, such terms will apply.</p>

ABERDEEN, MD.

Carload shipments consigned to the Government at Aberdeen Proving Grounds, Md., must be routed into Aberdeen, Md., via the PRR, as the B&O has no facilities for switching traffic to the Government tracks serving the proving grounds. Less carload shipments may be accepted for B&O delivery.

ADDYSTON (Hamilton County), OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

AKRON, OHIO

(Also East Akron and South Akron)

(B&O Freight Station, 155 North Howard Street)

(For Absorption of Connecting Lines' Switching, see page 10)

Delivery on team tracks of connecting lines at Akron cannot be effected, except on coal and coke for AC&Y team tracks and all freight for A&BB. Freight for the latter line should be waybilled to Barberton, Ohio, for A&BB.

Except when otherwise indicated, concerns listed below have private sidings:

Name	Business	Location
Ace Rubber Products, Inc.	Rubber Mats	B&O Private Siding.

AVONDALE, OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

BALTIMORE, MD.

(For Absorption of Connecting Lines' Switching, see page 10)

GENERAL INSTRUCTIONS

The particular attention of agents is called to the fact that there are certain deliveries at Baltimore, Md., local to the Pennsylvania Railroad and Western Maryland Railway. Shippers should specify location and railroad delivery desired at Baltimore, Md., to avoid misrouting and difficulty upon arrival. Full information as to deliveries at Baltimore, Md., can be obtained from Delivery Circulars and District Freight Agent, Baltimore and Ohio Railroad, Baltimore, Md.

Baltimore Fidelity Warehouse Company facilities, Baltimore, are as follows:

- Hillen Warehouse.....(Hillen Station), Hillen and High Streets.
- Canton Warehouse.....(Fidelity Station), Foot of Clinton Street.
- Brown's Wharf.....(Brown's Wharf Station), Foot of Broadway.
- Port Covington.....(Port Covington Station), Foot of Key Highway.

Shipments via Baltimore and Ohio Railroad, for above, should be routed via established junction points, specified in tariff publishing rates to Baltimore, Md., for Western Maryland Railway delivery. Where no rates published, shipments must not be accepted for above, for forwarding via Baltimore and Ohio Railroad, except upon permission of the Baltimore Fidelity Warehouse Company, which should first be obtained through the District Freight Agent, Baltimore and Ohio Railroad, Baltimore, Md.

Terminal Warehouse Company facilities, Baltimore, are as follows:

- Warehouse.....Davis and Pleasant Streets.
- Hay Warehouse.....Monument and Constitution Streets.
- Monument Street Stores.....Monument and Constitution Streets.
- Flour and Merchandise Warehouse.....Guilford Avenue, Davis and Pleasant Streets.
- Wharf Warehouse.....Bond and Thames Streets.

Merchants Terminal Corporation facilities, Baltimore, are as follows:

- Warehouse.....Monument and Forrest Streets.
- Plant No. 2.....501 N. Kresson Street Cold Storage Warehouse.

Warehouses of the Terminal Warehouse Company and the Merchants Terminal Corp., Baltimore, Md., cannot be reached with facilities of the Baltimore and Ohio Railroad. These warehouses are located on the Pennsylvania Railroad tracks. Shipments requiring Terminal Warehouse Company or Merchants Terminal Corp. delivery must be routed via established junction points specified in tariff publishing rates to Baltimore, Md., for Pennsylvania Railroad delivery.

Agents will refer to B&O Circular 799 (not interstate) for names and locations of principal firms and industries at Baltimore, Md., and instructions for waybilling.

Property for all Baltimore deliveries reached via B&O may be taken with freight charges to collect.

Carload property may be received for, and billed to, all stations in Baltimore, viz.:

- Camden, Holabird, Canton, Claremont, Fell Street, Locust Point, Mount Clare, Curtis Bay, Highlandtown and Oak Street Stations.

Less carload shipments may be received for and billed to Camden, Canton, Curtis Bay, Fell Street, Highlandtown and Locust Point Stations, but all less carload shipments for Baltimore must be sent to Camden Station, handling and distribution, unless a solid car is offered for any of the other stations mentioned, when the car should be sent to such station.

All property for delivery in Baltimore must be consigned to one of the above named stations, and forwarding agents must use the utmost care in receipting for, and in the loading and billing of property for such stations.

Waybills for bulk grain must show the name of the shipper in full, also specify Baltimore delivery required and when such shipments are rebilled enroute the original car number and initial, full name of shipper and point of origin must be given.

For explanation of {Abbreviations of Names of Carriers, see pages 2 to 4.
Reference Marks, see concluding pages of this tariff.

BALTIMORE, MD.—Continued

Wernig, Jos. S., Express Co.

Camden
Warehouses.

These warehouses, connected with the B&O at Camden Station, Baltimore, Md., are of the most modern design, and the largest in the City of Baltimore, being 1116 feet long, with eight floors thoroughly equipped for the storage and proper handling of freight, including also cool cellars, running the entire length of the building, admirably adapted to the care of goods requiring such storage.

Rates to Baltimore, Md. (B&O delivery), will apply on property, in any quantity, shipped in care of Camden Warehouses, delivery being made direct from cars into store. Arrangements for Warehouse or City delivery, or reshipment of the whole or any portion of a consignment, should be made with Manager, Camden Warehouses.

If reshipped by the B&O no cartage will be necessary; if via other lines, the actual cost of cartage will be added.

For further information apply to Mr. C. M. Wrightson, Manager and Treasurer, Camden Warehouses, Camden and Eutaw Streets, Baltimore, Md.

Perishable Products
Terminal (Camden
Station).

The Baltimore and Ohio Railroad Perishable Products Terminal, facing on Camden Street, running through to Lee Street, occupying property between Howard and Sharp Streets, is equipped for the handling of outbound and inbound shipments of fruits, vegetables and dairy products.

The yard is equipped with team tracks, wide driveways and brick warehouses, providing up-to-date facilities for handling of both team track and platform freight. A portion of the warehouse, corner of Camden and Howard Streets, a separate unit has been provided, in which auction sales and display facilities are operated by the Baltimore Fruit Exchange.

Adjoining the section operated by the Baltimore Fruit Exchange a private sales platform is maintained by the Railroad Company for the receipt and delivery of perishable products.

DELIVERIES—Continued

Fireproof Platforms for Automobiles—Oak Street Station

Carload shipments of auto vehicles for delivery over the Baltimore and Ohio Railroad Company Fireproof Platforms, Oak Street Station, (Howard and 21st Streets), should be routed and waybilled to "Oak Street Station," (Howard and 21st Streets), bills of lading so indicating...

This modern facility is located at The Baltimore and Ohio Railroad Company Oak Street Station, Southwest corner Howard and 21st Streets, Baltimore, directly in the "Up Town" automobile industry district.

The Covered Section—Same is 160 ft. long by 23 ft. wide, constructed of structural steel, with reinforcing gypsum slab roof, concrete floor, steel frame walls and sliding doors covered with corrugated zinc, steel sash with wired glass, lighted by electricity. These platforms serve only for loading, unloading and delivery and no storage space is available.

Open Fireproof Platform—Same is 140 ft. long by 23 ft. wide (concrete floor), immediately adjoining the covered platform. Two ramps serve the Oak Street front (one of which enables delivery from end door cars). Adequate hydrants conveniently located.

Our Camden Station—a "Down Town" delivery will continue to serve auto vehicle dealers in section tributary to that delivery. It is important that shipments be routed on bills of lading via The Baltimore and Ohio Railroad Company—Oak Street Station Delivery (Howard and 21st Streets) or via The Baltimore and Ohio Railroad Company—Camden Station Delivery, as delivery may be required, as if cars are received at one station and delivery is desired at the other, it will be necessary to assess a switching charge.

⑬Oak Street Station, Howard and 21st Streets.
This station is equipped with an electrically operated traveling crane; with a capacity of 100,000 pounds. Operator in attendance.

⑬Stations on Belt Line Railroad, for Delivery of Carload Property.
Carload property destined to stations on Belt Line Railroad (Baltimore) must be billed to Oak Street (Howard and 21st Streets) Station showing delivery desired. Less Carload Property in Lots of 6000 Pounds or more, from one Consignor to one Consignee or to one Consignee from one Consignor may be handled, provided it is loaded by the Consignor or unloaded by the Consignee.

LIGHTERAGE AND TERMINAL REGULATIONS IN BALTIMORE HARBOR AND VICINITY

Lighterage and Terminal Regulations applying in Baltimore Harbor and vicinity will be as per B&O Tariff 309-K, I. C. C. 24116, P. S. C. Md. 2948, C. T. C. 2835.

CHESAPEAKE BAY AND TRIBUTARY RIVER LINES

Owing to changing conditions in the Chesapeake Bay and Tributary River Lines Trade, in case of doubt on the part of any Agent, or in the event line is not shown in this list, the Agent should communicate with Foreign Freight Traffic Manager or District Freight Agent, Baltimore, Md., before giving definite information to a shipper.

Through bills of lading may be issued on traffic to all ports of call via the Baltimore Steam Packet (Old Bay Line) to which through rates and routes are published via the Baltimore Steam Packet (Old Bay Line).

Except as noted above, shipments tendered for movement in connection with lines shown below will be handled on a port-to-port basis only. Rail bills of lading should read, c/o the Steamer line at Baltimore, Md., and in the body of the bill of lading consignee and ultimate destination should be shown.

The following is a list of steamship lines operated between Baltimore, Md., and destination territory as designated:

Carload Traffic for these lines should be routed via the Baltimore and Ohio Railroad to Locust Point Marine Terminal for free lighterage delivery.

Less Than Carload Traffic should be billed to Camden Station (except that traffic which is consigned to the Baltimore Steam Packet (Old Bay Line), moving on through bill of lading).

Steamer Lines	Piers	Destinations	Steamer Agents
Baltimore Steam Packet Co. (Old Bay Line).....	Pier 3, Pratt Street.	{ Norfolk, Old Point Comfort and Portsmouth, Va.....	{ Baltimore Steam Packet Co. (Old Bay Line).
Norfolk, Baltimore and Carolina Line, Inc.....	Pier 5, Pratt Street.	{ Norfolk, Va., and Charleston, S. C..	{ Norfolk, Baltimore and Carolina Line, Inc.

LIVE STOCK DELIVERIES

For current instructions governing delivery of Live Stock, refer to B&O Tariff 293-C, Circular 640-D, I. C. C. 24193.

 (For Absorption of Connecting Lines' Switching, see page 10)

The following is a list of firms located at Bridgeport, Ohio:

Name	Business	Location
Cleveland Grafite Bronze Co.....	Bearings.....	Team Track.
Elreco Corp.....	Electric Line Poles.....	B&O Private Siding.
Evans, W. H.....	Monuments.....	Team Track.
Great Atlantic & Pacific Tea Co.....	Grocers.....	PRR Team Track.
Scott Lumber Co.....	Lumber.....	Team Track.

BRIGHTON (Hamilton County), OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

BRIQUETTE, PA.

(Union Railroad)

(See Pittsburgh and Pittsburgh District, pages 233 to 235)
 (For Absorption of Connecting Lines' Switching, see page 10)

For explanation of { Abbreviations of Names of Carriers, see pages 2 to 4.
 Reference Marks, see concluding pages of this tariff.

BROCKWAY, PA.

The B&O has no track connection or interchange with the PRR at this station.

Connection and interchange with Erie for through traffic only.

Team Track deliveries cannot be made by switching.

No reciprocal switching in effect at this station.

The following is a list of firms located at Brockway, Pa.:

Name	Business	Location
Brockway Clay Co.....	Sewer Pipe and Clay Products.	B&O Private Siding.
Brockway Glass Co., Inc.:		
Plant No. 1.....	Glass Bottles.....	{ B&O Private Siding. PRR Private Siding. Erie Private Siding.
Plant No. 2.....	Glass Bottles.....	
Brockway Hardware Co.....	Hardware and Plumbing Supplies.....	B&O Team Track.
Cramer Supply Co.....	Building Materials.....	PRR Private Siding.
Eastern States Farmers Exchange.....	Feed and Farm Machinery...	B&O Team Track.
Miller Farm Supply Co.....	Feed and Flour.....	B&O Team Track.

BROOKLYN, OHIO

(See Cleveland, Ohio, pages 79 to 109)

BROOKVILLE, OHIO

Note—The following industries are located on joint facilities of B&O and PRR and can be reached by both lines.

The following is a list of firms located at Brookville, Ohio:

Name	Business	Location
Allman's Bakery.....	Bakery.....	B&O Team Track.
ⓈBerger Lumber Co.....	Lumber and Cement.....	B&O Team Track.
Bloch Bros. Tobacco Co.....	Leaf Tobacco.....	B&O Private Siding.
Brookville Farmers' Grain Co.....	Grain Elevator.....	B&O Private Siding.
Brookville Lumber Co.....	Lumber Yard.....	B&O Private Siding.
ⓈEnglewood Elevator Co.....	Coal.....	B&O Private Siding.
Finfrock & Co.....	Coal and Building Supplies...	B&O Private Siding.
General Telephone Co. of Ohio.....	Utility.....	B&O Team Track.

HOPKINS AVENUE (Norwood), OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

HUNTINGTON, W. VA.

(B&O Freight Station, Second Avenue and 11th Street)

(For Absorption of Connecting Lines' Switching, see page 10)

Team Tracks

Eleventh Street Yard—located center of jobbing and retail business districts, equipped with 10-ton hand crane, serving three tracks, automobile platform, skids for unloading automobiles from side and end doors of cars.

Second Avenue Yard—a series of short spur tracks paralleling Second Avenue from 3rd to 11th Streets, practically one mile, serving the entire business section of the city, at foot of streets indicated, for carload delivery only.

Twentieth Street Yard—convenient to East Huntington proper. Located at foot of 20th to 22nd Streets, for carload delivery only.

Thirty-first Street Yard—convenient to entire east end of Huntington, 24th to 31st Streets, inclusive.

Bridge Track—for general carload delivery, being adjacent to the city market and the most convenient for handling of produce. It is of about 35-car capacity with excellent driveway.

Wayne Line Siding—located at West Moreland, W. Va., within Huntington switching limits. Eight-car capacity team track; carload traffic for this delivery should be billed collect to Huntington, W. Va.

Somerset Farm Bureau.....	Fertilizer, Flour and Feed.....	B&O Team Track.

MIAMISBURG, OHIO

(B&O Freight Station, West Linden Avenue)

The B&O has no physical connection at Miamisburg, Ohio, with the NYC(C) and cannot therefore handle shipments to that point and effect NYC(C) delivery through switch movement.

Agents should exercise care to forward all carload shipments consigned to industries located on NYC(C) in accordance with routing as provided in publishing tariffs and existing percentage sheets. Freight for other consignees not listed above and not having private sidings can be handled as advantageously by B&O as by NYC(C) and should be routed B&O.

All firms accept delivery of less carload freight from B&O Freight Station.

The following is a list of firms located at Miamisburg, Ohio:

Name	Business	Location
Bell Vault & Monuments Co.....	Burial Vaults.....	¹⁰² B&O Team Track.

PENDLETON SHOP, OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

PHILADELPHIA, PA.

(For Absorption of Connecting Lines' Switching, see page 11)

GENERAL INSTRUCTIONS

Carloads

Agents must refer to B&O Circular 799 for names and locations of principal firms, industries, etc., having connection with the B&O, Philadelphia Belt Line R. R., or RCo at Philadelphia, Pa., and instructions for waybilling.

Shippers should designate the station at which they desire property delivered. Billing agent must show such delivery in the heading of the waybill, otherwise property will be delivered at the station most convenient to the Railroad Company.

Consignees shown in B&O Circular 799 have the privilege of instructing shippers to send their property to Philadelphia Stations other than those indicated therein. When requested, origin agents must waybill in accordance with the shipper's instructions. If shippers specify delivery at Philadelphia Stations other than those shown in the following list of regular B&O deliveries, the forwarding agent must develop whether the delivery specified by shippers can be made in accordance with published instructions.

All waybills covering property for consignees whose names appear in B&O Circular 799 must be headed to "Philadelphia," followed by name of the station at which delivery is desired. For example:

- "Philadelphia—Pier 24."
- "Philadelphia—Pier 12."
- "Philadelphia—24th and Race Streets."

Carload property for consignees not shown in B&O Circular 799, or for consignees whose delivery forwarding agent is unable to determine, must be waybilled to Philadelphia, Pa., destination agent to arrange delivery at one of the B&O stations satisfactory to consignees.

Less than Carloads

Less carload shipments may be received for and billed to:

- Pier 12, North,
- Pier 24, South,
- Pier 78, South (South Side) (Philadelphia Piers, Inc.),
- 24th and Race Streets,
- 58th and Woodland Avenue Station,
- Philadelphia Perishable Products Terminal,

but all less carload shipments for Philadelphia must be sent to the L. C. L. Platform, Philadelphia Perishable Products Terminal, for handling and distribution. However, if a solid car is offered for any one of the other stations mentioned, it should be sent to such station.

DAIRY FREIGHT

Dairy Products and other freight requiring cold storage delivery in Philadelphia, Pa., should be waybilled via B&O direct to Philadelphia, Pa. However, should bill of lading or waybill call for RCo delivery, traffic should be carded via published junctions. Our preferred route, when applicable, is via Cherry Run, W. Va., WM, RCo, i. e., The Central States Dispatch Route.

LIVE STOCK DELIVERIES

For instructions, refer to B&O Tariff 293-C, Circular 640-D, I. C. C. 24193.

For explanation of { Abbreviations of Names of Carriers, see pages 2 to 4.
 { Reference Marks, see concluding pages of this tariff.

PHILADELPHIA, PA.—Continued
(For Absorption of Connecting Lines' Switching, see page 11)

GENERAL INSTRUCTIONS—Concluded

DELIVERIES ON PHILADELPHIA BELT LINE RAILROAD

See page 231 for Philadelphia Belt Line (Southern Section) deliveries reached by the B&O.
See page 231 for Philadelphia Belt Line and Commerce Street Branch of River Front R. R. deliveries reached by the R.C.

READING COMPANY DELIVERIES

Waybill via published junctions. Consult current Open and Prepay Station List for information as to facilities, etc.

BALTIMORE & OHIO RAILROAD

Jurisdiction includes Sidings in portions of Philadelphia, Pa., on the west side of the Schuylkill River known as "Gray's Ferry," and "West Philadelphia."</p>
<p>West Philadelphia.</p>	<p>See 58th Street Station, located 58th Street and Woodland Avenue, West Philadelphia.</p>
<p>Greenwich. (Philadelphia, Pa.)</p>	<p>Delivery to Philadelphia Electric Co. (Southwark Station), Publicker Industries, Inc., and Cargill, Inc. Under jurisdiction Pier 62, South Freight Station.</p>
<p>Philadelphia Piers, Inc. (Piers 96, 98 and 100 South) (Delaware and Oregon Avenues).</p>	<p>Pier 78, Philadelphia, Pa., rates applicable.</p>
<p>The Philadelphia Perishable Products Terminal. (Delaware Avenue below Snyder Avenue)</p>	<p>Modern terminal for the handling of citrus and deciduous fruits, vegetables, dairy freight and perishable products, including those requiring refrigeration. This facility includes: Auction Sales Building. Constructed of reinforced concrete, 90 feet wide by 1000 feet long. House floor capacity 150 cars. Building is served by three (3) house tracks, each having capacity of 24 cars, or a total of 72 cars for unloading at one time. Second floor equipped with two (2) auction rooms, one with seating capacity of 200, the other 250. This building is equipped with heated portion to protect fruit in cold weather. The auction of fruit at Philadelphia is conducted in this building. Private Sales Building and Cold Storage Warehouse. Constructed of reinforced concrete 90 feet wide by 900 feet long. At Delaware Avenue end the structure for 195 feet is eight (8) stories high, providing seven (7) floors for refrigerated storage of fruits, vegetables, dairy freight, and other perishable products; the refrigerated space is approximately 1,300,000 cubic feet. This house has three (3) house tracks, capacity 24 cars each, a total of 72 cars, all of which can be spotted at one time for unloading. Team Track delivery. For perishable products, requiring team track deliveries there is provided a yard consisting of fifteen (15) team tracks, each with 24 cars capacity, or a total of 360 cars. These team tracks are served by concrete driveway, each 50 feet wide and accessible both from Delaware Avenue and Weccacoe Avenue. Between three pair of team tracks is a platform with shelter, thus making readily accessible for inspection and sampling cars placed for team track delivery.</p>

DELIVERIES TO OTHER THAN BALTIMORE AND OHIO RAILROAD STATIONS AND TEAM TRACKS, WHICH ARE MADE BY THE BALTIMORE AND OHIO RAILROAD AT PHILADELPHIA, PA. RATES:

<p>Municipal Piers, viz.: 78, South (North side of pier only); Foot of McKean St., 80, South; Foot of Snyder Ave., 85, South; Foot of Porter St.</p>	<p>Deliveries made over B&O tracks at Pier 78, South, Philadelphia, Pa. rates.</p>

PULLMAN, ILL.

The Pullman R. R. Co. requests that in order to avoid serious delay in delivery of property to the proper department in Pullman, Ill., all waybills should show the "Department" for which the freight is intended.

Agents of this system must be particular to ascertain from shippers and insert on regular car waybill name of department for which the property is intended.

Connections are respectfully requested to instruct their agents accordingly, so that property received from connections may be properly waybilled by our agents.

READING, OHIO

(Located within Cincinnati Switching District—see Cincinnati, Ohio, page 78)

RED BANK, N. J.

(Via CofNJ)

All consignments for other parties requiring deliveries at Red Bank, N. J., on New Jersey Southern Division, should show on Car Cards and be waybilled to Red Bank (NJSou), N. J.

The following parties at Red Bank, N. J., require New Jersey Southern Division track delivery. Particular attention is called to the necessity of exercising special care to see that consignments for these consignees are invariably forwarded and waybilled for New Jersey Southern Division delivery. Failure to comply with these instructions will mean additional expense for switching service which will be charged against agents or connections at fault. It is imperative that shipping receipts or bills of lading be carefully examined and the delivery thoroughly explained to shippers to guard against errors.

WASHINGTON, D. C.

General merchandise and miscellaneous property in any quantity will be delivered at New York and Florida Avenues (also known as Eckington Yard).

Property requiring crane to load or unload can be handled by traveling crane, capacity 50 tons, located at tracks 16 and 17, Eckington Yard.

There are other deliveries and stations serving the District of Columbia and adjoining areas. For list of firms taking deliveries at these points refer to the following stations shown in this tariff:

Anacostia.....D. C.	Deanwood.....D. C.	Langdon.....D. C.	Takoma Park.....D. C.
Benning.....D. C.	Georgetown (West	Riverdale.....Md.	Terra Cotta.....D. C.
Bethesda.....Md.	Washington).....D. C.	Shepherd.....D. C.	Twining City.....D. C.
Bladensburg.....Md.	Hyattsville.....Md.	Silver Spring.....Md.	University.....D. C.
Brentwood.....Md.			

B&O Coal Dumps are located at First and M Streets, N. E.

Terminal Storage Co. of Washington, D. C., Warehouses

The warehouses of the Terminal Storage Company of Washington are located at First and K Streets, N. E., Washington, D. C., and served by B&O private sidings. These warehouses should not be confused with the 4½ and D Streets, S. W. warehouse of Terminal Refrigerating & Warehousing Co., which is located on Pennsylvania Railroad Company's tracks.

The Terminal Storage Company warehouse has a capacity of 204,000 square feet, of which 109,000 square feet is fireproof, and is especially adapted for the storage of Canned Goods, Flour, Vegetable Oils, Appliances, Automobiles and General Merchandise.

Agents are particularly directed to call the attention of shippers to the good facilities described above, and when additional information concerning the same is desired, to communicate with Manager, First and K Streets, N. E.

Traffic Consigned to the U. S. Naval Gun Factory, Washington, D. C.

U. S. Naval Gun Factory, Washington, D. C., is located on the PRR tracks, but it is accessible to B&O on inbound traffic only, through absorption of the former's switching as provided for at Benning, D. C. in Absorption Tariff B&O Tariff 254-B, I. C. C. 24051.

Carload shipments for delivery to the U. S. Naval Gun Factory at Washington, D. C., should be waybilled to Benning, D. C. less than carload shipments to be waybilled and loaded to Washington, D. C.

The following is a list of firms located at Washington, D. C.:

Name	Business	Location
A. B. C. Freight Forwarding Co.....	Forwarders.....	B&O Private Siding.
Admiral Distributors.....	Electrical Appliances.....	②PRR Private Siding.

 Reference Marks, see concluding pages of this tariff.

EXPLANATION OF REFERENCE MARKS

① These industries are located on the FP&E. All carload traffic from or to industries, team tracks and delivery points on the FP&E at station named below is interchanged with the B&O at Fairport Harbor, Ohio:

Alkali, Ohio	Grand River, Ohio	Maple Brook Lane, Ohio	Park Road, Ohio
Fairport Harbor, Ohio	Lane Station, Ohio	Painesville, Ohio	Perry, Ohio

The switching charges of the FP&E are absorbed by the B&O under the provisions of B&O Tariff 254-B, I. C. C. 24057, and B&O Tariff C-26-A, Coal and Coke Series I. C. C. 3086, applicable at Fairport Harbor, Ohio. Waybill to Painesville, Ohio, showing station identity on the FP&E in destination column.

② Carload freight for A&BB delivery must be waybilled to Barberton, Ohio.

③ Coal and Coke only will be accepted from connections on reciprocal basis. See Absorption B&O Coal and Coke Series Tariff C-26-A, I. C. C. 3086.

④ Receipt or delivery from or to tracks of these industries by the B&O is effected only on shipments which are routed via B&O from or to Akron, Ohio.

⑤ B&O will not accept cars from connecting lines on reciprocal switching. For rates, see B&O Tariff 63-A, I. C. C. 24086, Ohio 6501, and B&O Tariff C-47-C, Coal and Coke Series I. C. C. 3116, Ohio 6595.

⑥ Carload freight for Goodyear Tire & Rubber Company requiring A&BB delivery must be waybilled to Akron, Ohio.

⑦ AC&Y will not accept shipments of naphtha in tank cars.

⑧ B&O team tracks used and cars will not be switched from connections.

⑨ Team track deliveries of C&O(CD) and NYC(W) cannot be made.

⑩ No switching arrangements in effect with the PRR at this station.

⑪ Carload shipments can be delivered to the firms at Auburn, Ind., on the PRR prefixed with this reference mark, on a switching basis.

⑫ No reciprocal switching.

⑬ The provisions of this tariff do not apply on shipments moving between points in the Baltimore Switching District. Industries listed under the several Baltimore stations are so shown for waybilling purposes only. For rates, rules and regulations governing the handling of freight between points in the Baltimore Switching District, see B&O Tariff 20-E, I. C. C. 24259, P. S. C. Md. 2980.

⑭ Carload property must be billed to Locust Point for handling via floats.

⑮ Float delivery on package freight only, also no facilities for handling bulk freight or tank cars.

⑯ Arrangements must be made with Manager, Camden Warehouses, Camden Station, Baltimore, Md., before property is accepted for storage.

⑰ Rullman and Wilson's Switch, Dietrich Bros., are private sidings and can only be used for property consigned to these firms.

⑱ Not used.

⑲ Due to chute arrangement located on the Pennsylvania Railroad side of their plant on Boston Street, they can only handle or receive tin plate via the PRR. The B&O entering at the back of their plant by car-float from Locust Point, is not able to make delivery satisfactory to the Owens-Illinois Can Plant.

⑳ These industries are also reached by sidings on the Canton Railroad, but if this delivery is required, bills of lading must specify and shipments must be waybilled to Canton, Md., for Canton Railroad delivery.

㉑ Not used.

㉒ Property may be accepted for lighterage delivery, when so consigned, in accordance with B&O Tariff 309-K, I. C. C. 24116.

㉓ B&O cannot handle carload freight to or from these firms which are located on Erie tracks, routing must be in connection with Erie road haul to or from Barberton, Ohio.

㉔ Firms bearing this reference mark, located on the PRR are not open to B&O delivery.

㉕ Located at Douglas, Va., but within switching limits of Rosslyn, Va.

㉖ Cars for these concerns should be waybilled to Shirlington Siding, Rosslyn, Va.

㉗ No track connection with NYC(C) or NYC(W) at Berea, Ohio; cannot make delivery at Berea.

㉘ Located at Englewood, Ohio.

㉙ On shipments of Coal and Coke the B&O cannot effect delivery in switching service at flat rates when consigned for delivery on sidings prefixed with this reference. Shipments of Coal and Coke for these deliveries must move on joint through rates published to:

Black Rock, Buffalo (Erie Street) or Harriet, N. Y., NYC(E),
Black Rock, Buffalo (East Ferry Street) or Buffalo (Main Street), N. Y., Erie, or
Black Rock or Harriet, N. Y., DL&W,

in connection with those lines as road haul delivering carriers, depending on the delivery required, as published in tariffs, lawfully on file with the Interstate Commerce Commission and Public Service Commission of New York.

EXPLANATION OF REFERENCE MARKS

- ⑩ LV road haul business only.
- ⑪ Not open to switching on coal.
- ⑫ DL&W road haul business only.
- ⑬ The letters and numbers shown in parenthesis immediately following the railroad abbreviation in this column represent the switching zone or district in which those sidings are located as described in individual lines, tariffs lawfully on file with the Interstate Commerce Commission and the Public Service Commission of New York of switching charges.
- ⑭ Not open to connecting lines on Coal and Coke Traffic.
- ⑮ NYC(E) road haul business only.
- ⑯ Special switching charges apply.
- ⑰ Firms bearing this reference mark, located on the PRR are not accessible to B&O under reciprocal switching. PRR must receive road haul.
- ⑱ Joint facilities.
